Bid Description

Server Products, together with Rich Products Corporation, a leader in whipped topping, have collaborated to bring you convenient dispensing options which meet your operational needs.

The Topping Tunnel™ is a handy holder and dispenser for specified Rich's® Whipped Topping products (see back for list). Each Topping Tunnel™ is NSF listed and readily adapts to a wide variety of foodservice equipment. Simply place the Rich's® pastry bag into the dispensing unit (tip down), give a gentle squeeze and you're ready to dollop a wide variety of food items quickly and safely. When you're done dolloping, the Topping Tunnel™ quickly detaches from the bracket for cleaning.

Standard Features

- Accommodates specified Rich's® Whipped Topping Patent pending design permits single-handed dispensing
- Achieves superior evacuation of the pastry bag
- Topping Tunnel™ removes easily from mounting bracket for quick clean-up
- Mounting bracket is secured with heavy duty suction cups for effortless installation and removal when cleaning
- Dishwasher safe

Studies Show

Operators that offered cold and frozen beverages with Whipped Topping grew servings over 79% the past five years!

Source: NPD Food World CREST — 52 Weeks ending July 2006

Operators that offered hot beverages with Whipped Topping grew servings over 52% in the past five years!

Source: NPD Food World CREST — 52 Weeks ending July 2006

Rich's® On Top® Whipped Topping significantly outperformed all other topping alternatives in overall consumer liking scores for visual appearance!

Source: Rich's® Proprietary Research 2007

When garnished with 1-oz (7 mL) of Rich's® On Top® Whipped Topping; consumers were willing to pay an average of \$1.10 more for a milkshake and \$1.50 more for a hot chocolate!
