Bid Description

Server Products, together with Rich Products Corporation, a leader in whipped topping, have collaborated to bring you convenient dispensing options which meet your operational needs.

The Topping Tunnel™ is a handy holder and dispenser for specified Rich's® Whipped Topping products (see back for list). Each Topping Tunnel™ is NSF listed and readily adapts to a wide variety of foodservice equipment. Simply place the Rich's® pastry bag into the dispensing unit (tip down), give a gentle squeeze and you're ready to dollop a wide variety of food items quickly and safely. When you're done dolloping, the Topping Tunnel™ quickly detaches from the bracket for cleaning.

Standard Features

Accommodates specified Rich's® Whipped Topping products

Patent pending design permits single-handed dispensing

Achieves superior evacuation of the pastry bag

Topping Tunnel™ removes easily from mounting bracket for quick clean-up

Mounting bracket is secured with heavy duty suction cups for effortless installation and removal when cleaning

Dishwasher safe

Studies Show

Operators that offered cold and frozen beverages with Whipped Topping grew servings over 79% the past five years!

Source: NPD Food World CREST — 52 Weeks ending July 2006

Operators that offered hot beverages with Whipped Topping grew servings over 52% in the past five years!

Source: NPD Food World CREST — 52 Weeks ending July 2006

Rich's® On Top® Whipped Topping significantly outperformed all other topping alternatives in overall consumer liking scores for visual appearance!

Source: Rich's® Proprietary Research 2007

When garnished with 1-oz (7 mL) of Rich's® On Top® Whipped Topping; consumers were willing to pay an average of \$1.10 more for a milkshake and \$1.50 more for a hot chocolate!
