Bid Description

Server Products, together with Rich Products Corporation, the leader in whipped topping, have collaborated to bring you convenient dispensing options which meet your operational needs.

The Topping Trigger™ is a hand held dispenser that delivers a controlled dollop of specified Rich's® Whipped Topping. Compatible packaging is a **NEW** patent pending cylindrical design. See back for listing. Each squeeze of the trigger dispenses a full dollop with three settings to reduce dollop portion. The system is NSF listed and designed with safety in mind, no compressed gas required.

Standard Features

- Accommodates new specified Rich's® Whipped Topping
- Sealed system virtually eliminates cross contamination risk
- Design permits single-handed dispensing
- Flexible product package maximizes evacuation
- Portion options: (1) Full and (3) reduced portions
- Recyclable packaging eliminates solid waste issues and nitrous oxide (N₂O) concerns
- Free standing and portable-easily fits into any operation
- Dishwasher safe for fast and easy clean-up
